Better textbooks  
Better prices

We offer comprehensive college textbooks with instructor ancillaries and student resources priced from \$24.99 to \$59.99. Selected titles also have FREE ONLINE ACCESS.

BVT - A New Approach.

We were founded by a professor who could not, in good conscience, ask his students to pay \$140 for an economics textbook. So he wrote his own. Now we offer a range of textbooks in many disciplines for less than half the price of the big publishers.
